ILLINOIS
COMMERCE COMMISSION

PETITION REGARDING THE ALTERNATIVE RETAIL
ELECTRIC SUPPLIER CERTIFICATE OF ENERSTAR POWER
CORP.

Pursuant to Parts 200 and 451 of the Commission's rules, EnerStar Power Corp. ("EnerStar") respectfully files with this Commission a Petition regarding its Certificate of Service Authority as an Alternative Electric Retail Supplier ("ARES") in Illinois. EnerStar is (1) notifying the Commission that EnerStar no longer serves any retail customers nor has any current or ongoing contracts for the supply of retail power and energy outside of its existing service territory, and (2) requests that the Commission accept the voluntary surrender of EnerStar's current ARES Certificate without prejudice to EnerStar to apply for re-certification at a later date. EnerStar offers the following in support this petition:

1. EnerStar Power Corp. is an electric cooperative as defined in Section 3.4 of the Electric Supplier Act (220 ILCS 30/3.4) organized under the Illinois Not for Profit Corporation Act located at 11597 IL Highway 1, Paris, Illinois 61944. Its Illinois Corporate File number is 25625846. Its Federal Employer Identification Number (FEIN) is 37-0258343.
2. On November 3, 1999 in Docket No. 99-0551, the Commission granted EnerStar authority to operate as an ARES and serve all non-residential customers in the service territories of AmerenCIPS, Commonwealth Edison, Illinois Power and Central Illinois Light Company.

3. EnerStar served in excess of 100 accounts under the authority of EnerStar's ARES certificate. North American Lighting Co. located at 2275 S. Main Street, Paris, IL. was the only remaining account receiving service from EnerStar outside of EnerStar's designated service territory under a Power Supply Agreement dated December 12, 2001 at the time that agreement expired on March 31, 2007.

4. EnerStar presently serves no customers outside of its' designated service territory.

5. EnerStar's governing board adopted a resolution October 31, 2006 to cease operations as an ARES upon expiration of its contract with North American Lighting Co on March 31, 2007. A copy of that resolution is attached hereto and incorporated by reference.

WHEREFORE, EnerStar respectfully requests that the Commission accept the voluntary surrender of its ARES Certificate in Illinois without prejudice to EnerStar subsequently petitioning the Commission for ARES certification at some future date.

Dated: April 4, 2007
